

Class Descriptions
Dixon After School Program

Note: Classes are subject to change, check the Calendar on the After School Website and morning announcements for most up-to-date information.

ACADEMIC CLASSES

Description	Teacher and Room	Start Date	Class Day
Homework Lab – Homework Lab takes place every day in the library. Students can receive help from the Homework Lab teachers and from volunteer tutors from UVU and BYU. This is a great opportunity for students to get their homework done each day and maintain passing grades.	Library M – Hill/Lockwood T – Hill/ Sekaquaptewa W – Hill/Lockwood Th – Hill/Glenn F – Hill	Sept. 5	Everyday
I Can Support Classes – We offer classes in Math, Science, and English. Students will be referred to these classes by their teachers based on mastery of I Can statements. I Can statements are the essential learning standards that students are expected to master by the end of the year. I Can statements will be taught and assessed during class time, and retaught/reassessed during I-Time. If students need extra support to learn an I Can statement, they will be asked to attend an after school class where the I Can will be taught again. If the student has not shown proficiency in the I Can statements by the end of the year, he/she will be referred to summer school, so After School classes are the perfect place to get caught up on I Cans.	English 7 & 8 – Hagen, 113	September	Tuesday
	Math 7 – Gardner, 219		Thursday
	Math 8 – Williams, 218		Thursday
	Science 7 & 8 – Tippetts, Library		Friday

ENRICHMENT CLASSES

Description	Teacher and Room	Start Date	Class Day
Basketball – Students play a casual game of basketball or practice basketball skills.	Jensen, Gym	Sept. 6	Wednesday
Computer Skills & Games – Students will learn computer skills and play fun games.	Capps, 118	Sept. 7	Thursday
Cooking – Students will learn cooking skills and prepare recipes.	Tippetts & DeWitt, 126	Sept. 7	Thursday
Drama – There will be two drama performances during the school year. The students will learn and perform a play (1 st semester) and a musical (2 nd semester). Students must audition and commit to drama practices in order to be prepared for the performances. All students are welcome to audition and participate.	Marriott & Tijerina, 104/Auditorium	Sept. 5 (for auditions)	Monday, Wednesday, Friday

Open Lab – Students play computer games in a supervised environment.	Hill/Lockwood, Library	Sept. 6	Wednesday
Robot Building – Students will use Lego Mindstorms and Vex Robotics. They will build robots for class competitions as well as State and National competitions.	Wardle, 127	Sept. 6	Wednesday
RPG (Role Playing Games) – Students learn social and strategizing skills while playing fun games like Dungeons and Dragons.	Lockwood, 220	Sept. 8	Friday
Science Olympiad – Students form a team to create Science projects and then compete with other teams across the state.	Tippetts & Lockwood, 208	Oct. 26	Tuesday, Thursday
Seaperch – This is a STEM based class where students build underwater robots and compete at the end of the year. All students are welcome to participate, but they must commit to attending.	Gaylord & Haacke, 110/221	Oct. 3	Tuesday
Soccer – Students play soccer outside during the fall and spring and in the gym during the winter. All students are welcome to play, there are no permanent teams. During the last 15 minutes of soccer, male students will learn skills such as academic skills, relationships, respecting authority, withstanding peer pressure, healthy habits, self-esteem, etc.	Jensen, Gym	Sept. 8	Friday
TSA (Technology Student Association) – Students learn about and create different types of technology. Students may work towards participating in a competition at the end of the year. Last year, many of our students won prizes and qualified for the national competition.	Wardle, 127	Sept. 11	Monday
Tech Theater – Tech theater is an essential part of drama. Students will learn how to work sound and lighting and take charge of those tasks for performances.	Marriott, 123	Sept. 5	Tuesday

DEVELOPMENT CLASSES

Description	Teacher and Room	Start Date	Class Day
Career Club – Students learn college and career readiness including skills such as interviewing, writing resumes, how to be successful academically and in a career, etc.	Tijerina, 214	Sept. 5	Tuesday
Girls Empowered – Female students learn skills such as academic skills, relationships, withstanding peer pressure, healthy habits, self-esteem, etc.	Boyd, 215	Sept. 11	Monday
PALS (Positive Action Leads to Success) – Students will learn self-concept, positive actions for your body and mind, managing yourself responsibly, treating others the way you like to be treated, telling yourself the truth, and improving yourself continually.	Glenn, 214	Sept. 11	Monday
