

11/3/2021 Dixon Community Council Meeting

Time: 3:30 - 4:30pm

Call to Order

Attendance:

- John Anderson, Principal
- Michelle Wages, Parent
- Terri McCabe, Board Member
- Rebecca Nielsen, Board Member/Parent
- Shyrel Petersen, Dixon Faculty Member
- Marie Patrick, Chair
- Gina Hales, Board Member
- Carrie Prince, Parent
- Elizabeth Molinaro, Administrative Assistant (non-voting)

Discussion / Public Comment

Sign Board

- Denied approval and will not happen until the new school is built.

Rebuild

- Carrie asked about the rebuild. There has been a letter stating that they want to bring the matter to litigation but nothing has been filed. Rebecca stated that the vote has happened and we are proceeding to build. School board members cannot comment due to possible pending litigation. John stated he hasn't met with architects at this point; Rebecca stated that perhaps those same plans are moving forward but again, there is no further comment.

Wasatch Letter of Intent Confirmed

- As per public record, PCSD has a letter of intent to look into the Wasatch property and a BYU property on Locust as an exchange/sale. No additional details at this time.

SafeRoutes

- Dark this time of day is worrisome to drivers. Routes remain the same as Provo High.

Digital Citizenship

- Scheduled assembly day before Winter Break. Consider embedding parent components into College Night November 17th.
- Send Digital Literacy for Community Council

Scholastic / Book Fair

- Dixon is closing the Scholastic account and the librarian has 24 books on order to use up Scholastic funds to add books to the PBIS Cart. Have a conversation with Tommy to determine how many Panther Payoffs per book. Clarifying amendment regarding usage of funds allotted for library to cover \$500 for PBIS cart discussed.

RISE Testing

- Numbers not officially released yet but no drastic changes which is a wonderful result after COVID. General comment on trends. Discussion to go over numbers either December or January.
- Gina asked if there was a correlation between Summer School and the data. John explained the use of I Cans as a measurement for inviting students to participate in summer school.
- The COVID effect isn't over by far and we need to be here for the students long term as the deficits fully manifest.

Agenda

No items listed.

Motion to Adjourn and Not Meet until January: Carrie Prince

Seconded by: Rebecca Nielsen

Voting was Unanimous.
