

Utah Immunization Requirements for 7th Grade Entry 2022/2023

To attend the 7th grade in Utah, a student must have proof of receiving the following immunizations:

- **1 Tetanus/Diphtheria/Pertussis (Tdap) booster ***MUST CONTAIN PERTUSSIS*****
 - Tdap is required regardless of interval since last dose tetanus/diphtheria (Td) containing vaccine
 - Kindergarten dose **does not** count as booster requirement for 7th grade
 - Td without pertussis is not acceptable for this requirement
- **1 Meningococcal**
- **2 Varicella (chickenpox) ***(or documentation of varicella disease confirmed by your licensed healthcare provider.)

To claim a **personal, religious or medical exemption**, the legal guardian must complete an on-line educational module (free of charge) and provide a copy of the completed form to the school official. The on-line course can be found at www.immunize-utah.org. *Completion of the on-line educational module can be done at the Health Department if you do not have access to a computer.* For a **medical exemption**, a written note from a licensed health care provider must be provided along with a copy of the completed on-line educational module. It should state the physical condition of the student, and why that vaccine would endanger the student's life or health.

This record may be turned in now to your **child's current school**, or to the school they will be attending in 7th grade. **Please attach a photocopy of your child's actual immunization record to this form.**

Student's Name _____ Date of Birth _____

Elementary School _____

Date of Tdap: _____

Date of Meningococcal: _____

Date of 2nd Varicella: _____

Note: Immunizations are available from your personal physician or from Utah County Health Department (UCHD).

Immunization Requirements 7th Grade Entry 2022-2023

To attend 7th grade, a student *must have* written proof of receiving the following immunizations:

- ◆ Tdap
- ◆ 2 Measles, Mumps, Rubella (MMR)
- ◆ 3 Hepatitis B
- ◆ 2 Varicella (chickenpox)
- ◆ 1 Meningococcal (*Only Meningococcal Conjugate vaccine given after 10 years of age is acceptable for 7th grade school entry*)
- ◆ 4 Polio
- ◆ 2 Hepatitis A
- ◆ 5 DTaP/DT

Recommended for 11-12 year olds but not required for school entry in Utah:

- ◆ HPV
- ◆ Influenza
- ◆ COVID-19 vaccine is recommend for children 12 years and older

Proof of immunity to disease(s) can be accepted in place of vaccination only if a document from a health care provider stating the student previously contracted the disease is presented to the school.

For children whose parents claim an exemption to immunization for medical, religious, or personal reasons, their legally responsible individual must complete an online immunization education module at immunize.utah.gov or in-person consultation at a local health department. A copy of the certificate must be presented to the school or child care official.

For a medical exemption from the required immunizations, a completed vaccination exemption form and a written notice signed by a licensed healthcare provider must be presented to the school.

For questions regarding your child's immunization status, contact your child's health care provider, your local health department or the Immunization Hotline 1-800-275-0659.
