Public Comment:

Review of minutes from prior meeting

- To address Teri's concern, we will reach out again in April to those who are familiar with the walking and traffic routes to the new middle school location to commence Safe Route prep.

Discussion

BUDGET

Library

- Cart and books are happening. Propose the same budget for maintaining the program another year. This is in addition to the birthday books.

Data Dives

- Data Dives are important for our teachers as they look at notes, data comparisons for the completed quarters. Michelle mentioned that we should feed them and if we need to Community Council should pay for something else to trade off funds to make that happen.

Enrollment

- We are down 30-40 students which means we would be down 2-3 teachers. Do we continue to support the additional positions with Trustlands funds?
- ESL, Math and English positions specifically.

Software

- \$7000 for Reading Plus continuation.

Other needs are addressed with ESSER (Elementary and Secondary Schools Emergency Relief) short term funds and TSSA (Teacher and Student Success Act) funds. Summer school and jump start were very successful utilizing these resources.

Next Meeting

- John will provide data and proposed expenditures for review.
