- Elizabeth Molinaro, Administrative Assistant (non-voting)

Public Comment:

Review of minutes from prior meeting 3/2022

Discussion

Topic

- Goal #1 and #2: If someone doesn't take the RISE test, do we have other ways of identifying those needs/qualifying data? Write in the plan what the alternative measurement methods are.
- Do we need to specify that one method we use will be the WIDA test? Considerations for out of country new students.
- Do we need to specify additional supplies, software, staff as needed?
- Percentage of students currently affected and target percentage of students
- Goal #3 - do we need to provide data to support the SMART goal ? We could refer to one of the old goals if need be for increased circulation tandem to better selections. We need to add some kind of measurable goal such as number of books / reading levels / etc. Data point regarding aged out books.
