### Discussion

#### Topic

- Review of prior year discussion - ELL
  - Focus on math and english
  - ELL 3 - no true native language – ELD 3 course offered, additional teacher
  - Students unable to take the class due to course load requirements from the Board (only 8 out of 30 could take the class)
  - Lost ½ time teacher to another district – still looking to replace them for this year
  - DLI Portuguese students will opt in to homeschool Utah Studies. ELD students are not as familiar with the option to opt into homeschool to open schedule to the additional class needed
  - The State changed the middle school requirements a few years ago but the Provo School Board kept the elective rich options. We will need to present something to the Board to show the need for students to opt into a language success program.
  - Clarify the difference between demonstrated competency and homeschool options for opting out of a class to make room for the additional language success option.
  - Carrie suggested to explain the difference with a counselor when offering the option to our DLI / ELD students

- Review of prior year discussion - Schoolwide Literacy
  - WICOR / AVID training and the birth of P.U.K.E (Number paragraph, underline main idea, circle key words, and highlight evidence)
